Education

GIET University

Bachelor of Technology in Computer Science (AI & Machine Learning)

Gunupur, Odisha

July 2024 – March 2028

- Expected Graduation: March 2028
- Relevant Coursework: Data Structures, Algorithms, Machine Learning, Deep Learning, Python Programming, Statistics

Technical Skills

Programming Languages: Python, C/C++, SQL

Machine Learning: Regression, Classification, Neural Networks, Model Evaluation, Feature Engineering

Libraries & Frameworks: NumPy, Pandas, Scikit-learn, Matplotlib, Seaborn, TensorFlow (*Learning*)

Tools & Technologies: Git, GitHub, VS Code, Jupyter Notebook, Google Colab, Command Line Interface

Core Competencies: Data Structures & Algorithms, Problem Solving, Software Development, Data Analysis

Soft Skills: Quick Learner, Analytical Thinking, Team Collaboration, Technical Documentation, Creative Problem Solving

Projects

🔗 Machine Learning Implementation Projects | *Python, Scikit-learn, NumPy, Pandas* Ongoing

- Implementing ML algorithms from scratch — linear regression, logistic regression, and decision trees — to strengthen foundational understanding
- Building end-to-end machine learning pipelines covering data preprocessing, feature engineering, model training, and evaluation
- Applying supervised and unsupervised learning techniques on real-world datasets for classification and regression tasks
- Experimenting with hyperparameter tuning and cross-validation strategies to optimize model performance

📊 Data Analysis & Visualization Projects | *Python, Pandas, Matplotlib, Seaborn* Ongoing

- Performing exploratory data analysis (EDA) on diverse datasets to extract meaningful insights and patterns
- Creating interactive visualizations to communicate data findings clearly and effectively
- Cleaning and preprocessing messy data using Pandas to prepare datasets for machine learning applications
- Developing statistical analysis workflows to support data-driven decision making

🔧 Data Structures & Algorithms Practice | *C++, Python* Ongoing

- Actively solved **100+ problems** on competitive programming platforms to enhance problem-solving capabilities
- Implemented core data structures including arrays, linked lists, trees, graphs, and hash tables
- Mastered algorithms such as sorting, searching, dynamic programming, and graph traversal techniques
- Optimized solutions for time and space complexity to write efficient and scalable code

Experience & Activities

Machine Learning Study Group Participant

2024 – Present

GIET University

- Actively participating in collaborative learning sessions focused on machine learning concepts and applications
- Working on hands-on projects involving regression, classification, and clustering algorithms
- Sharing knowledge and insights with peers to foster a collaborative and productive learning environment

Learning in Public Advocate

Ongoing

LinkedIn & Tech Community

- Documenting and sharing learning journey in machine learning, programming, and software development on LinkedIn
- Engaging with the tech community by posting technical insights, project updates, and learning reflections
- Building a professional network by connecting with industry professionals, mentors, and fellow learners
- Receiving positive engagement and feedback from the community, fostering continuous learning and growth

Certifications & Training

Learnathon 4.0: Participated in an intensive learning bootcamp focused on emerging technologies and skill development

Self-Paced Learning: Python Programming, Machine Learning Fundamentals, Data Structures & Algorithms

Online Courses: Machine Learning Specialization (*In Progress*), Deep Learning Foundations (*Planned*)

Additional Information

Interests: Machine Learning, Artificial Intelligence, Data Science, Open Source Contribution, Competitive Programming

Languages: English (*Fluent*), Hindi (*Native*), Odia (*Native*)

Creative Skills: Digital Sketching, Technical Writing, Data Visualization

Availability: Open to internships, research opportunities, and collaborative projects in AI/ML and Software Development
